

How Many Ways Maze

In this maze, the goal is not only to get to the end, but to find out how many ways there are to get to the end (Z).

Maze Rules:

- You must start at A.
- Always move in the general direction of your goal (Z).
- Never go even slightly backward.

How do you think you might tackle this problem?

What maze, do you think, might be an easier maze to solve?

Some practice mazes:
